

Blessing of the Animals

August 28, 2-4pm

Brady's Run Park, Shelter #18

Come celebrate pets as members of God's good creation with a short worship service at 3:00pm followed immediately by individual blessings of pets and service animals.

To promote peace between the creatures and to invite a welcoming environment we ask that you bring all pets on leashes or in carriers. Please make sure they are up to date on their shots, and use judgment when determining if your animal can handle the environment.
