

Art Workshop with Linda Evans

JAPANESE SUMI-E Inspired Designs

The peaceful Zen and grace of our beautiful Greyhounds has always been the focus and what I've hoped to convey in my art. This year's class is all about that emotion.

Inspired by traditional Japanese Sumi-e black ink painting and Chinese calligraphy, you'll learn how this technique using contemporary materials can capture the true essence or life spirit of the greyhound and

nature. Come join me and enjoy a fun, freeing and new technique to create a framed piece of your own Sumi-e Art ... Greyhound Style!

Saturday at 8:30am. Register on the GiG website.

No prior art skills are necessary, so first timers are welcome as well as old friends. See you then!

Greyhounds in Gettysburg®
